Conversational

I've been interested in web development for years, so now I am looking for an opportunity to use my newfound passion, fostered through the full-stack bootcamp that I recently completed. I want to work somewhere that will challenge me and help me grow as a Web Developer. I enjoy working on both front-end and back-end code and look forward to opportunities which allow me to improve my skills these areas.

## Education

### 2019-June Full-Stack Web Development Bootcamp

2019-Aug *NEXT Academy - Kuala Lumpur, Malaysia*

- Became familiar with 5 programming languages in 10 weeks.
- Built Tic-Tac-Toe in 3 languages, and 2 image sharing social web apps in 2 languages.
- Built a full-stack web app as a group project, where I was exposed to computer vision by using OpenCV to create a feature capable of measuring a person's bicep from a photograph.

### 2005-Sep Bachelor of Science: Park, Recreation and 2010-Aug Tourism Resource Studies

*Michigan State University - East Lansing, Michigan*

## Work History

### 2018-Sep Tutor

2019-May *Keaes Language and Tutorial School, Bangkok Thailand*

- Worked with students in classrooms to provide educational support.
- Assessed student needs and created appropriate lesson plans to help them reach their goals.

### 2017-May English Language Teacher

2018-May *English and I, Lopburi, Thailand*

- Taught 5 or 6 1-hour lessons per day in classrooms of 15-25 children.
- Co-taught with local teachers to help manage student behavior and ensure they understand the new language taught in class.
- Used different methods to demonstrate phonics, vocabulary and language structures to students and check their understanding of new material.
- Kept records of students' abilities in speaking, listening, reading and writing to build lessons targeting students needs and provide end of term marks for each student.

### 2016-Nov English Language Teacher

2017-Mar *Anuban Lopburi, Lopburi, Thailand*

- Developed teaching materials to supplement standard materials in order to better communicate concepts and add interest to lessons for specific concepts.
- Engaged classrooms of 40 students through the use of games, videos and activities related to class topics.
- Established positive classroom management boundaries to create safe, known environment for behavior among students.
